- The ladies of the Reformed congregation intend holding a Fair in Wysong's Hall, on the 13th day of February next, where dinner, supper, oysters, and other refresh-

ments will be daily served. - James Clasby, who was sent to the Penitentiary from this county some time since, recently made his escape in company with two other prisoners. They were re-arrested at Portsmouth, Ohio, and are again on duty at Moundsville.

- The motion for a new trial in the case of Adam Bales; who was tried and convicted at the last September term of our Circuit Court, for the larceny of "gambler's checks," was argued on Friday and Saturday, of week before last, by Messrs. Pendleton and Faulkner, for the prisoner, and the Prosecuting Attorney for the State. The motion was overruled, and the Court was about to sentence the prisoner in accordance with the verdict of the when on motion of the counsel, a stay of forty days was granted, to allow them to take the case to the Court of

THIEVES ABOUT .- The thieves and burglars have become quite bold of late, and ply their vocations with an energy and a daring worthy a better occupation. Last Sunday, night they did a land office business. They relieved our friend Joseph Hoffman, Esq., of two very fine turkeys which he had been keeping for a special occasion. They entered the gun-smith shop of Mr. Daniel Marker, by removing a log from the side of the building, and stole a lot of guns, pistols, &c., amounting to \$300. The store of Mr. Geo. Sharer was entered the same night and several hundred dollars in Southern bank notes, together with a set of jewelry, &c., stolen. On Tuesday night of last week the tailor

INTERESTING SUIT .- The heirs of the late John A. Washington, of Mount Vernon, have begun suit in Chicago for the recovery of one hundred thousand dollars' worth of real estate in that city, which was owned by Washington at the time he was shot in Virginia, 1861 .-A Chicago lawyer made his way through the lines, and finding the Washington heirs, represented that the estate would be confiscated if it remained in their name, and had it deeded to him for safety. He has since refused to restore it-hence the suit.

notice in advance. December 17, 1867—F. P.

OME two or three months ago, a middle aged gentieman, hailing from old Kentucky, came to his place, and by handbills and otherwise un-nounced himself a VETERINARY SURGEON, a naunced himself a VETERINARY SURGEON, a graduate of a well-known Southern Veterinary Collège. We felt, as we still feel, quite satisfied that a gentleman in this capacity, who understood the theory and was a practical adept in the cure of lame, diseased horses, would be cheerfully welcomed by our farmers, and owners generally of that noble animal. Before however, recommending Dr. MITCHELL to our agricultural community, we chose to wait for some practical proof of his skill and success in the veterinary art. That proof we now; have. Some twelve or fifteen horses, some of them very bad with RING-BONE, SPAVIN AND FARCY,

and other diseases, have been placed under his treatment, and the cures that he has effected, and treatment, and the cures that he has effected, and his rapid progress in the cure of others still under treatment, have been somewhat remarkable, and given entire satisfaction to the owners. This statement is fully concurred in by several gentleman of whom we have inquired, among whom we may mention, John H. Strider, Halltown, Jefferson co., W. Va., Jas. T. Reed, John H. Reed, C. King, S. V. Yantis, S. A. Cox. John J. Stevens, John E. Erwin, J. W. Neer, D. J. Young, Capt. U. S. A., Harper's Ferry, W. Va.

Most of these gentlemen have had horses under the care of Dr. Mitchell, and have cheerfully allowed the Doctor to refer to them touching their opinion of and confidence in his scientific knowledge and practical skill in the speedy and successful removal of the various defects with which that valuable animal, the horses, isso frequently afflicted. (13-Dr. MITCHELL can be found at the Shenan-loah House, Harper's Ferry, West Va. December 17, 1867—tl.

THE MOST RELIABLE CUSHION used in Billiard Tables is the CAT-GUT CUSHION.

Manufactured by KAVANAGH & DECKER, and Patented Dec. 18, 1896. (See Scientific American; Vol. 16, No. 11.)

It is the ONLY Cushion that possesses all the qualities essential to a PERFECT Cushion. It is the most elastic and most durable Cushion ever offered to the billiard-playing public, as is abundantly proven by the great demand for it since its introduction. The peculiarity which distinguishes the CAT-GUT Cushion and readers it superior to all others, is the tightsned cord of cat-gut which overlies the tace and edge of the rubber and running the full length of the Cushion which prevents the ball from bedding into the rubber and jumping from the table. The addition of the cat-gut cord also adds much to the elasticity of the Cushion.

The CAT-GUT Cushion has already been applied to over 1,000 tables which are in constant use. It can be upplied to tables of any make for \$75 per set.

KAVANAGH & DECKER'S Factory, at the corner of Centre and Canal Streets, N. Y., is the most compleke of its kind in the world. The machinery is of the most improved character, the lumber drying room the largest in the United States, the material used the best that can be purchased, and the workmen thoroughly skilled.

Billiard Cloth, Balls, Cues, and Trimmings, all of the heat make, constantive on hand. skilled.

Billiard Cloth, Balls, Cues, and Trimmings, all of the best make, constantly on hand.

EAVANAGH & DECKEK are the only agents in this country for KAY'S CUE CEMENT, adjudged by competent authorities to be the best cement-ever used.

Bee Hives. THE undersigned having purchased the right and entire and complete control of LANGSTROTH'S PATENT BEE HIVES,

for the county of Jefferson, are prepared to furnish said Hives, made in the best manner of seasoned material with recent improvements, to all who may want them. For their merit and great superiority over any and all other hives, we refer to any and all persons who have them in use, of whom there are many in this vicinity. We can vouch for over three hundred pounds of pure virgin Honey having been hundred pounds of pure virgin Honey having been taken from three of these Hives in 1865, besides leaving an abundant supply for the winter use of the bees in the lower or breeding department.

As there are some persons in this county who have these flives in use who have no papers to show their authority for using them, we hereby notify them that we will place our claims for their use, with damages, in the bands of a Lawyer for settlement in the United States Court, if they disregard this notice by not obtaining the proper authority from us. We have paid our money for this right, and do not intend that it shall be used by any one without authority and payment of the patent fee. There is but one side to this question before the United States Courts, where the costs are very heavy, independent of damages. As we are reluctant (though determined) to take this course, we hope no one will disregard this notice. This patent has been extended for seven years from the 5th of October, 1867. We also caution all persons (not authorized) against manufacturing said Hives in this county. We have ordered some of Langstroth's new work on the Honey Bee, and expect soon to have them for sale.
